APS Premium Range

Our Premium Composite Decking Boards are co-extruded using a high-tech manufacturing process that offers superior performance resulting in a deck with exceptional scratch resistance, zero water absorption and a lower expansion rate. Made from natural recycled hardwood fibres and 50% recycled plastic, this is an environmentally-friendly product that is guaranteed for fifteen years. Our Premium decking boards are built for commercial and domestic use and provide a high end finish on any project. Available in dual sided decking boards, these will save on storage space and offer customers maximum colour choices.
